OUTSTANDING FEES

Status of outstanding fees at the end of the financial year **2016/2017 was R199,023.**

It was agreed by management that all members in arrears for more than a year, their membership will be canceled.

Special thanks to our secretary who puts a great effort in to improve on outstanding balance. It is a immense challenge to reduce the outstanding fees and result in numerous telephone calls and follow up with members which is a very time consuming and costly exercise.

I call on all members to please assist us by promoting this challenge to other members at work to encourage them to support the institute by promptly settling their membership fees.
