

TECHNICAL TOUR - Imesa Western Cape Branch

Thursday, 8 September 2022

MS Teams Presentation, 9h00 – 10h15 & Site Visit, 11h30 – 13h30

Steenbras Hydro Pump Station, Sir Lowry's Pass

The **MS Teams Presentation** will be open to all who RSVP in advance and will include

- Details on plant operations (by Bongani Sithole, Head: Generation, Electricity Generation and Distribution) and
- The contribution this plant has to income generation for the City, while assisting Eskom with power generation during high demand (by Gordon Dindi: Head: Network Control, Electricity Generation and Distribution)

The **Site Visit** will be restricted to 40 delegates, with preference to IMESA members and will be hosted by Bongani Sithole.

- Details on the meeting point and safety protocols to follow
- Light refreshments to be provided

0,15 CPD points available for MS Teams Presentation only

0,5 CPD points available for attendance of both Presentation and Site Visit
